## **Finance Management App**

### **Overview**

This app is designed to empower users to manage their personal finances effectively. It allows users to track their income, expenses, and savings with ease. The intuitive interface enables users to categorize expenses, set up budgets, and generate financial reports, helping them make informed financial decisions and achieve their financial goals.

### **Key Features**

**Expense Tracking:** Track daily, weekly, and monthly expenses with detailed categorization.

**Budget Management:** Set up monthly or yearly budgets and receive notifications when approaching your spending limit.

**Reports & Analytics:** Generate detailed financial reports and visual graphs to analyze spending habits, trends, and savings.

**Security:** User data is encrypted, ensuring privacy and security of sensitive financial information.

**Multi-Currency Support:** Supports multiple currencies, making it ideal for users who manage finances in different regions.

**Recurring Transactions:** Automate the tracking of recurring transactions like subscriptions, rent, or monthly bills.

### **Technologies Used**

The app was developed using modern technologies to ensure a seamless user experience:

**Java:** Utilized for building the Android mobile application, ensuring high performance and native experience.

**Firebase:** Used for authentication, real-time database management, and cloud storage, offering seamless sync across devices.

**SQLite:** Used for offline functionality, allowing users to access and track their data even without an internet connection.

Google Analytics: Integrated for tracking user behavior and app performance to improve future versions.

Charts.js: For generating dynamic and interactive financial reports and visual analytics.

### **Why Choose This App?**

Our Finance Management App is tailored to help users take control of their financial life with ease. It's perfect for individuals looking for a simple yet effective solution for managing their income, expenses, and savings. Whether you're a freelancer, student, or working professional, this app helps you stay on top of your financial goals.
